Rev. J. H. Martyn

Rev. & Dear Sir,

87 I was in Boston last week for the purpose of seeing you & others on them in relation to a new movement to crush & pull down a brother whose presence seems very much to annoy certain individuals in this region. You have doubtless received a circular letter renewing, the Council called for my installation. The object is to kill me, & thereby the New Church which we have just organized, I beg of you to come up not to defend me, or to identify yourself with me in any way - but to see that nothing unfair is done by my enemies. If I desire death, I need not to die. Please to come directly to my house. Yours &c J. W. Martyn
